GRAMMER

PREMIUM SEATING SYSTEMS

COMFORT THAT NEVER QUITS

AGRICULTURE

YOU RESHAPE THE EARTH.

WE MAKE SURE THE EARTH DOESN'T RESHAPE YOU.

Farmers spend long, hard hours exposed to heavy, whole-body vibrations. But that doesn't mean it has to feel that way. GRAMMER seats are built with advanced mechanical and pneumatic suspension systems designed to reduce vibrations in the most brutal conditions. This translates to increased comfort, improved job performance and fewer sick days due to back problems. After experiencing a GRAMMER seat, your back will never be satisfied with anything less.

MSG 283 SERIES

Our narrow mechanical suspension seat delivers incredible value with uncompromising quality, premium materials and a wide range of features. Despite its small dimensions, it boasts all standard seat and operating features and a robust mechanical suspension.

FEATURES:

- Narrow mechanical suspension – ideal where space is at a premium
- Suspension stroke up to 3.1 in. (80 mm)
- Weight adjustment range – 110-285 lbs. (50-130 kg)
- Fore/aft adjustment – accommodates all body sizes/types
- Height adjustment up to 3.1 in. (80 mm)
- Lumbar support – easily adjusts for optimal back support and comfort
- Backrest extension
- Retractable seat belt
- Adjustable or foldable armrests
- Document box or net
- Operator presence switch
- Low back seat top options available in three widths
- Customer Logo

Mechanical Suspension

ALL SEATS CAN BE ENHANCED WITH THESE ADDITIONAL OPTIONS.

Lumbar Control

Fore/Aft Isolator

THE LAND WILL CALL IT QUITS LONG BEFORE YOU DO.

MSG 85 SERIES

Our top-of-the-line mechanical suspension offers a boost in vibration reduction for a more comfortable ride in even the most demanding conditions.

FEATURES:

- Mechanical light-duty suspension – provides dependable, hardworking comfort
- Suspension stroke up to 3.9 in. (100 mm)
- Weight adjustment range – 110-285 lbs. (50-130 kg)
- Fore/aft adjustment – accommodates all body sizes/types
- Height adjustment up to 3.1 in. (80 mm)
- Lumbar support – easily adjusts for optimal back support and comfort
- Adjustable headrest or backrest extension
- Swivel (0° to 360°) – allows for better view of rear equipment and improved cab mobility
- Retractable seat belt – 2-point, 3-point or 4-point
- Seat depth/tilt – four adjustable positions to reduce pressure on the backs of knees
- Adjustable or foldable armrests
- Document box or net
- Side-to-side isolator
- Fore/aft isolator – dramatically reduces horizontal vibrations and prevents jolts from jarring the back
- Operator presence switch
- Control carrier console – offers easy access to joystick controls
- High back or low back seat top options available in three widths
- Customer Logo

Mechanical Suspension

ALL SEATS CAN BE ENHANCED WITH THESE ADDITIONAL OPTIONS.

Lumbar Control · Swivel Control · Lateral Suspension · Fore/Aft Isolator · Heat Control

MSG 95 SERIES

Our industry-leading air suspension seat has been meticulously engineered to rigorously absorb vibrations of all types. This versatile seat can be equipped with an array of suspension systems to meet the specific needs of the job, including an elite Dynamic Dampening System™ (DDS) and Low-Frequency suspensions.

FEATURES:

- Air suspension (12V or 24 compressor) – sets the standard for the industry
- Suspension stroke up to 7.0 in. (180 mm)
- Weight adjustment range – 110-285 lbs. (50-130 kg)
- Fore/aft adjustment – accommodates all body sizes/types
- Height adjustment up to 3.1 in. (80 mm)
- Lumbar support (mechanical or pneumatic) – easily adjusts for optimal back support and comfort
- Adjustable headrest or backrest extension
- Swivel (0° to 360°) – allows for better view of rear equipment and improved cab mobility
- Retractable seat belt – 2-point, 3-point or 4-point
- Seat depth/tilt – four adjustable positions to reduce pressure on the backs of knees
- Adjustable or foldable armrests
- Document box or net
- Side-to-side isolator
- Fore/aft isolator – dramatically reduces horizontal vibrations and prevents jolts from jarring the back
- Adjustable damper
- Active climate control – seat top removes sweat to keep you dry in the heat; integrated seat heating keeps you warm in the cold
- Operator presence switch
- Control carrier console – offers easy access to joystick controls
- High back or low back seat top options available in three widths
- Customer Logo

Auto Position Control · Lumbar Control · Swivel Control · Lateral Suspension · Fore/Aft Isolator · Climate Control · Heat Control

MSG 97 SERIES

The MSG 97 provides the ultimate hardworking comfort in the roughest conditions you can throw at it. Designed with forward-thinking innovation, this seat's low-frequency air suspension minimizes machine vibrations and dampens driver impacts, which maximizes your ability to put in long hours.

FEATURES:

- Low-frequency air suspension (24V or 12V compressor) – reduces the impact of extreme shocks to the body
- Suspension stroke up to 7.0 in. (180 mm)
- Weight adjustment range – 110-400 lbs (50-180 kg)
- Fore/aft adjustment – accommodates all body sizes/types
- Height adjustment up to 3.1 in. (80 mm)
- Lumbar support (mechanical or pneumatic) – easily adjusts for optimal back support and comfort
- Adjustable headrest or backrest extension
- Swivel (0° to 360°) – allows for better view of rear equipment and improved cab mobility
- Retractable seat belt – 2-point, 3-point or 4-point
- Seat depth/tilt – four adjustable positions to reduce pressure on the backs of knees
- Adjustable or foldable armrests
- Document box or net
- Side-to-side isolator
- Fore/aft isolator – dramatically reduces horizontal vibrations and prevents jolts from jarring the back
- Adjustable damper
- Active climate control – seat top removes sweat to keep you dry in the heat; integrated seat heating keeps you warm in the cold
- Operator presence switch
- Control carrier console – offers easy access to joystick controls

MSG 93 SERIES

Once you experience the comfort of air suspension, there's no going back. It's easy to make the little adjustments you need to create the smoothest riding experience possible. The MSG 93 features narrow suspension with the added luxury of air-ride comfort.

FEATURES:

- Narrow air suspension (12V compressor) – ideal for limited spaces like small tractors
- Suspension stroke up to 3.1 in. (80 mm)
- Weight adjustment range – 110-285 lbs. (50-130 kg)
- Fore/aft adjustment – accommodates all body sizes/types
- Height adjustment
- Lumbar support – easily adjusts for optimal back support and comfort
- Backrest extension
- Retractable seat belt
- Adjustable or foldable armrests
- Document box or net
- Operator presence switch
- Swivel (0° to 360°) – allows for better view of rear equipment and improved cab mobility
